SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

As of 04/02/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information visit: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 06/08/21 at 1100 hours:

- 174,572,459 (+2,848,284) total confirmed cases
- 3,756,686 (+185,922) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 06/08/21 at 1000 hours:

- 33,207,488 (+114,250) total confirmed cases
- 595,301 (+3,762) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 06/08/21 at 1100 hours:

- 3,691,660 (+792) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 06/08/21 at 2359 hours:

- 38,652,198 (+1,094,691) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

PUBLIC SAFETY POWER SHUTOFF (PSPS) SUMMARY

PSPS Status		
PG&E	SCE	SDG&E
Normal Operations	Activating PSPS Protocols/Potential to De-energize	Normal Operations

Pacific Gas & Electric (PG&E)

- Nothing significant to report.

Southern California Edison (SCE)

SCE Public Safety Power Shutoff (PSPS) Event 06.13.21

On 06/13/21 at 1311 hours, SCE notified the California State Warning Center they are activating their PSPS protocols due to a threatening weather event in their service area.

- Current PSPS Stage: Activating PSPS Protocols/Potential to De-energize
- Total Customers Potentially Impacted: 5,160 customers
- Total Medical Baseline Customers Potentially Impacted: 67 customers
- Potentially Impacted Counties: Santa Barbara County
- Weather Event Window: 06/14/21, 1800 hours to 06/16/21, 0000 hours
- Total Customers Currently De-energized: 0 customers
- Total Medical Baseline Customers Currently De-energized: 0 customers
- Counties Currently Impacted by De-energization: None
- Highest Number of Customers De-energized as of this Notification: 0 customers
- Current Number of Customers with Power Restored: 0 customers
- Current Number of Medical Baseline Customers with Power Restored: 0 customers

San Diego Gas & Electric (SDG&E)

- Nothing significant to report.

FIRE ACTIVITY

Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 2	Preparedness Level 2	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

Note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

Cal OES Fire Missions

2019-FIRE-402: California National Guard (CNG) personnel assigned to fuel reduction efforts in CAL FIRE Units: Shasta/Trinity, Nevada/Yuba/Placer, San Benito/Monterey and Fresno/Kings.

- 5 CNG 20-person Hand Crew to support CAL FIRE (to include all necessary personnel, support, transportation and materials).
- 65 additional soldiers to be trained and ready to backfill.
- Assigned to fuel reduction efforts in SHU, NEU, BEU, and FKU (1 crew in each unit with the exception of 2 crews in FKU).

Prepositioned Resources:

The following resources have been requested by the local Operational Areas and approved via the California State Mutual Aid Pre-Incident Preparedness Guidelines.

Region I: 1 Pre-Position

Santa Barbara County:

XSB: 1 Local Government Strike Team (5 Local Government Type 3 Engines), 1 Local Government Type 1 Water Tender, 1 Local Government Type 1 Crew, 1 Dispatcher

Start Date: 06/14/21, 1200 hours for 48 hours

FIRE ACTIVITY

Flats, Vegetation Fire, Riverside County

Location: Pinyon Flats Transfer Station x Elks Trail Rd., Mountain Center

Jurisdiction: State/Federal DPA, FRA/SRA, Riverside Unit, San Bernardino National Forest

Start/Date Time: 06/14/21 at 1112 hours

Per Cal OES Duty Officers as of 06/14/21 at 1024 hours:

- 400 acres, 30% contained
- Unified Command Cal FIRE and USFS

Deployments

- 1 Cal OES Fire Branch Assistant Chief assigned
- 1 Riverside County EMD Duty Officer deployed to ICP

FMAG

- On 06/13/21 at 1800 hours, a Fire Management Assistance Grant (FMAG) was received.
- On 06/13/21 at 1818 hours, an updated FMAG was received.
- On 06/13/21, the FMAG was placed on hold.

Evacuations

- Pinyon Crest area
- Number of evacuated homes: 106
- Mandatory evacuation populations: 371

Evacuation Center/TEP

- Temporary Evacuation Point (TEP), Idyllwild School, 26700 CA-243, Idyllwild-Pine Cove
 - Count: 0
- 1 person sheltered by Red Cross in a hotel overnight

Animal Shelter

- Animal services on site, ability to assist large animal evacs, none requested at this time

Road Closures

- Hwy. 74 is closed between Hwy. 371 - Garner Valley and Palowet Dr. in Palm Desert

Critical Infrastructure

- Anza Electric will de-energize portions of their circuits in the fire area

MAJOR ROAD / HIGHWAY / BRIDGE CLOSURES

- Jurisdiction Affected: Beverly Hills PD
- Reason For Outage: Fiber Cut
- Wireless Users Impacted: No
- Wireline Users Impacted: Yes
- VoIP Users Impacted: Yes.

Service Interruptions

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Record heat and potential for thunderstorms late week for portions of Surprise Valley, Lassen, Eastern Plumas, Eastern Sierra Counties, Greater Lake Tahoe Area, and Mono County. Potential storm impacts include lightning, rapid temperature drops, brief heavy rain and hail, and strong outflow winds. New fire starts are also possible given the dryness for much of our vegetation.
- Dangerous heat is going to develop across the interior valley and foothills later this week, an Excessive Heat Watch has been issued from Thursday to Saturday evening.
- Near record heat is expected in the San Joaquin Valley, Sierra Nevada foothills, Kern County desert, and Coastal Range next week.
- Excessive heat will develop in Indian Wells Valley Tuesday and spread northward into the San Joaquin Valley by Thursday.

SOUTHERN CALIFORNIA

- Excessive Heat Warning from Monday morning to Saturday night for the San Diego County Deserts and Coachella Valley. High temperatures of 112-120 expected.
- Excessive Heat Warning from Monday morning to Saturday night for the Apple and Lucerne Valleys of San Bernardino Counties.
- Excessive Heat Warning for the San Diego County Valleys. Hottest areas will be in valleys near the foothills with high temperatures of 90-100.
- Excessive Heat Warning from Tuesday morning to Saturday night for the San Bernardino, Riverside, and San Diego County mountains.
- Red Flag Warning for wind and low relative humidity is in effect from Monday evening to Wednesday morning for Santa Barbara County South Coast and mountains.
- Chances for critical fire weather conditions will be on the increase through Monday as rising temperatures, dry conditions, and strengthening breezes become established. A Fire Weather Watch is in effect for southern Mono County for Monday.
- Gusty winds each afternoon and evening will lead to elevated fire weather conditions for the deserts onto the desert slopes of the mountains.
- Excessively hot conditions are expected next week, especially Tuesday through Friday, over most of southwest California.
- An Excessive Heat Warning begins tomorrow as temperatures become dangerously hot with most places seeing afternoon highs 114-118 degrees. Isolated locations may even hit 120-122 Tuesday-Friday.
- Well above normal temperatures Monday through Friday, peaking Wednesday and Thursday. Record high temperatures may be broken.

Weather Advisories, Watches, and Warnings currently active in California:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER OUTLOOK

06/18/21 - 06/26/21

6-10 Day Outlook (June 18 – June 22)

Temperatures

- Above normal temperatures are strongly favored to continue statewide

Precipitation

- Near normal precipitation is favored for much of the state, except below normal precipitation is favored across northern California

8-14 Day Outlook (June 20 – June 26)

Temperatures

- Above normal temperatures are favored to persist statewide

Precipitation

- Near normal precipitation is favored across central and southern California, with below normal precipitation favored over northern parts of the state

WEATHER KEY POINTS

06/14/21 - 06/20/21

Monday - Sunday

- Lingering showers will end across far northwest California today, leaving dry and increasingly hot weather through next weekend
- A widespread and long-duration heat wave will impact much of the state through the week and into the weekend, with temperatures gaining several degrees each day, peaking Wednesday through Saturday. High temperatures will range from 100 to 110 degrees across the Central Valley by mid and late week, while inland areas of southern California range from 100 to 120 degrees, even hotter near Death Valley. **These temperatures will be dangerous for a large segment of the population!**
 - Extreme heat will significantly increase the potential for heat related illnesses, particularly for those working outdoors, participating in outdoor activities, and those who are heat sensitive
- Elevated to locally critical fire weather conditions can also be expected along and east of the the Sierra as well as the southern California mountains through next weekend as winds gust 25-40+ mph at times and very dry weather continues
 - The most critical fire weather conditions are expected across Santa Barbara County where localized gusts to 60 mph are likely tonight through Tuesday night, and in and around Death Valley through tonight

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2021-LAW-64702, 06/13/21, 1812 hours:** IERCC advising of an InReach “SOS” activation at GPS coordinates 37.335770 -118.660240 plotting S/W of Mt. Tom summit within Inyo County. IERCC advising they had received texts from the R/O saying he had lost his pack ,went down the wrong chute and trying to head back up. R/O has no water and is complaining of minor cramping. At 1818 hours, LDO relayed the activation information to Inyo County Sheriff’s Dispatch (ICSO) who initiated a response. **Update: 06/14/21, 0717 hours:** ICSO advising CHP H-82 attempted to extract the R/O late last night but was unable due to conditions. CHP is scheduled to make another attempt this morning. IERCC updated. **Mission Ongoing.**
- **2021-LAW-64698, 06/13/21, 1729 hours:** IERCC advising of an InReach “SOS” activation at GPS coordinates 34.269597 -117.748182 plotting on the East Fork Trail next to the San Gabriel River within Los Angeles County. IERCC advising R/O activated his device for his girlfriend who was suffering from heat exhaustion and unable to carry on. At 1735 hours, LDO relayed the activation to LASD EOB, who initiated a response. **Update:** At 1953 hours, LASD advising subjects were located at given coordinates and airlifted to local hospital. **Mission Closed.**
- **2021-LAW-64694, 06/13/21, 1700 hours:** IERCC advising of an InReach “SOS” activation at GPS coordinates 36.943240 -117. 170400, plotting East of North Highway in Death Valley NPS (DVNPS). IERCC has received texts from the R/O that he is on a cliff and unable to move up or down. IERCC already had relayed the activation information to DVNPS dispatch. At 1713 hours, LDO confirmed with DVNPS and learned they were assigning a Ranger IC. **Update:** At 1939 hours, DVNPS advising R/O will bivouac overnight at his location and CHP helicopter will respond tomorrow to extract. IERCC updated. **Mission Ongoing.**
- **2021-LAW-64516, 06/09/21, 1503 hours:** CSWC notified LDO of a request for Cadaver K9 for sensitive LE mission in Humboldt County for a location TBD, to occur during the week of June 14th. **Update: 06/11/21, 1119 hours:** HCSO requesting the HRD K9 resources to report for a 0700 briefing on 06/15/21 at their Trinity River Substation. HCSO has secured lodging for the teams. Two HRD K9 teams have accepted the mission. **Mission Ongoing.**

Cal OES MISSION TASKINGS

Cal OES Missions

- **2021-TACCOM-0422:** Kit-1 and HQ-10 of Sonim phones to Chico State and the CPUC for their annual Cellular speed test. Typical usage time is 30-45 days.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
